March 2021

SONTSA factory is a modern, dynamically developing enterprise that produces laundry detergents, household chemicals, and personal hygiene products.

● **High quality products**

Quality is monitored by in-house laboratory and quality control service at all production stages. Each year Sontsa passes successfully international audit – BRC Global Standard for Consumers Products. The certificate guarantees that the company cooperates with the best suppliers of raw materials, as well as controls and improves the quality of products and level of safety for humans and the environment.

● **Flexibility and individual approach to each client**

We guarantee timely and quality execution of orders thanks to well-organized business processes, cooperation with reliable suppliers, and a professional supply chain management team. Advantageous geographical location and in-house logistics center allow to carry out orders in the short term.

● **High level of production technology**

SONTSA Factory is a modern belarusian enterprise with the largest production capacities in Eastern Europe. All production processes are fully automated.
