Quality

The plant has the highest level of technical support and is one of the leaders in production capacities in Eastern Europe and the CIS. Strict control at all production stages and our own accredited laboratory allow us to ensure high quality of manufactured products that will satisfy the most demanding consumers

Expertise

The Sontsa plant is the holder of international quality and safety certificate from British Retail Consortium (BRC), and a certificate of compliance with the international requirements of STB ISO. Our chemists-developers, technologists and microbiologists constantly monitor new world trends and develop, update the range of products

Consumers recognition

Over its ten-year history, SONTSA products have acquired thousands of grateful consumers. Bottles and packs with April Evolution, Mara, Chaika, Sunday, Sunday Perfumed, SUPRIM, Voskhod and Krasa logos can be found in almost every bathroom, in every kitchen, not only in Belarus, but also in the countries of near and far abroad

Leadership

Just a year after the sales start, the company became the market leader in the category of laundry detergents (Mara No. 1 brand in Belarus) and today continues to occupy leading positions. We supply our products to dozens of countries and are actively increasing the export of products

April evolution

Premium quality laundry and cleaning products

The innovative April 3D effect formula cares for the fabric at all levels. Fibers retain their structure and volume, and garments keep their original look

BIO enzymes recognize and effectively remove all types of dirt not only on the surface, but also deep in the fiber structure

Does not contain phosphates, chlorine compounds, allergens. Absolutely safe for humans and the environment
