SONTSA
BEYOND CLEANLINESS

Quality

The plant has the highest level of technical support and is one of the leaders in production capacities in Eastern Europe and the CIS. Strict control at all production stages and our own accredited laboratory allow us to ensure high quality of manufactured products that will satisfy the most demanding consumers

Expertise

The Sontsa plant is the holder of international quality and safety certificate from British Retail Consortium (BRC), and a certificate of compliance with the international requirements of STB ISO. Our chemists-developers, technologists and microbiologists constantly monitor new world trends and develop, update the range of products

Consumers recognition

For the second decade, SONTSA products have pleased thousands of grateful consumers. Bottles and packaging with April Evolution, Mara, Chaika, Sunday, Sunday Perfumed, SUPRIM, Voskhod logos can be found in almost every bathroom, in every kitchen, not only in Belarus, but also in countries near and far abroad

Leadership

Just a year after the sales start, the company became the market leader in the category of laundry detergents (Mara No. 1 brand in Belarus) and today continues to occupy leading positions. We supply our products to dozens of countries and are actively increasing the export of products

April

evolution

Premium quality laundry and cleaning products

The innovative April 3D effect formula cares for the fabric at all levels. Fibers retain their structure and volume, and garments keep their original look

BIO enzymes recognize and effectively remove all types of dirt not only on the surface, but also deep in the fiber structure

Does not contain phosphates, chlorine compounds, allergens. Absolutely safe for humans and the environment

Instructions for use

For powder: add to dishwasher's tablet compartment 25 g for medium and 40 g for heavily soiled

For gel: add 25 ml of gel to the dishwasher's tablet compartment

For rinse aid:

As rinse aid (to add extra shine to the surface and speedy drying): pour into the rinse aid dishwasher compartment and refill it regularly

As a cleaner (to remove dirt, unpleasant odors and lime deposits in the dishwasher): generously treat the dirty surface of the dishwasher and start the washing cycle at a temperature of at least +60 °C without pre-rinsing. The dishwasher must be free of dishes during cleaning

For salt: Pour the salt into the special container, according to the instructions for the operation of your dishwasher cars. Replenish it as you use it

Rinser for Dishwashing Machines 2in1

- ✓ Reduces drying time
- ✓ Gives the dishes a shine
