ECO-FRIENDLY PRODUCTS

SONTSA
BEYOND CLEANLINESS

Quality

The plant has the highest level of technical support and is one of the leaders in production capacity among enterprises in Eastern Europe and the CIS. Strict control at all stages production and our own accredited laboratory allow us to ensure high quality products that will satisfy the most demanding consumers

Expertise

SONTSA plant is the holder of certificate of compliance with the international requirements of STB ISO. The accredited laboratory of the factory conducts a large number of tests so that our customers receive high quality products. Our chemists-developers, technologists and microbiologists constantly monitor new world trends and develop and update the range of products

Leadership

Just a year after the sales start, the company became the market leader in the category of laundry detergents (Mara No. 1 brand in Belarus) and today continues to occupy leading positions. We supply our products to dozens of countries and are actively increasing the export of products
